in Forsyth Okoeguale

○ forsyth01

Web Developer with 4 years of experience building responsive, high-performance websites and applications. Skilled in ReactJS, Next.js, TailwindCSS, and Framer Motion, with a strong focus on translating UI/UX designs into pixel-perfect, interactive, and user-friendly websites. Passionate about creating smooth animations, responsive layouts, and engaging digital experiences.

PROJECTS

BukkaIsland (Houston, Texas) 🔗
Web Developer & UI Designer (Freelance) | 2024

- Built a responsive Nigerian street food website using Next.js, TailwindCSS, Firebase, and Cloudinary.
- Developed menu and blog sections, enabling users to explore dishes and place orders via links.
- Handled admin login, authentication, and database management with Firebase.
- Added sleek Framer Motion animations and ensured full responsiveness and high performance.

HTX City Rentals (Houston, Texas) 🔗
Web Developer & UI Designer (Freelance) | 2024

- Developed a premium eCommerce-style event rental platform using ReactJS and Framer Motion.
- Built a cart and quote request system with Context API for smooth user workflow.
- Integrated EmaiIJS for automated confirmations and inquiries.
- Delivered a responsive, elegant design aligned with the brand's luxury aesthetic.

UI/UX Designer Portfolio (Lagos, Nigeria) 🔗
Web Developer & UI Designer (Freelance) | 2024

- Developed a responsive and interactive portfolio website using Next.js and TailwindCSS.
- Converted Figma designs into pixel-perfect code.
- Implemented light/dark mode themes with React Context API.
- Ensured full responsiveness, accessibility, and optimized performance across devices.
