WORK EXPERIENCE

BINARYBLOCK | https://binaryblock.netlify.app   **June 2023 - August 2024**

- Developed responsive and interactive user interfaces for the BinaryBlock decentralized protocol, ensuring seamless user experiences.
- Developed and implemented core features for BinaryBlock Genesis NFTs and BIBK token staking, enhancing user engagement through intuitive design and functionality
- Integrated with the backend to fetch and display real-time data.

PROJECT

REACTNOTEAPP | https://noteapp01.netlify.app

- Built a fully responsive note-taking app using React.js, enabling users to create, read, update, and delete notes in real-time.
- Integrated Firebase for user authentication and Firestore for secure, real-time data storage.
- Utilized Context API for efficient state management, ensuring a smooth and performant user experience.

PEACE HOUSE UNIVERSITY | https://peacehouseuniversity.netlify.app

- Designed and developed a responsive website using React.js and TailwindCSS, achieving high user satisfaction.
- Strengthened expertise in ReactJS and TailwindCSS through hands-on projects.

EDUCATION

University of Benin   Benin, Nigeria
Bachelor of International Studies and Diplomacy   **2019 - April 2024**
